Dear creative minds of Dorset,

Are you ready to wield the power of storytelling against the cunning wolves of fraud? We invite you to embark on a magical journey of words, where your pen becomes a sword, and your fairy tale becomes a shield against the deceptions lurking in the shadows.

### Why Fairy Tales?

Centuries ago, our ancestors warned of dangers through enchanting tales. Remember the 'Wolf in Sheep's Clothing'? It cautioned us about deception. And the 'Fox and the Crow'? A reminder to be sceptical. Now, we challenge you to spin your own tales, combating the modern peril of fraud.

### Why Your Story Matters?

Your creativity can empower Dorset against fraud. Education is Key to fraud and your story will raise awareness, provide prevention tactics, and reporting knowledge far and wide.

Fairy tales and fables transcend age, culture, and ability. Let your story resonate with everyone in the community. Your creative genres like fairy tales capture hearts that traditional messages might miss. Your stories can motivate and inspire. Confront challenges, overcome them, and watch your tales spark positive change. Stories provide more than facts; they unravel the 'why' and 'how.' Deepen the understanding of scams, fostering a community united against fraud.

Download the application form at the following website:

<https://competition.mysaferdorset.com/>
